

## Avao Bod Harness

**C71AAA1 (size 1) £276.45 each plus VAT**

**C71AAA2 (size 2) £276.45 each plus VAT**

- The X-shaped dorsal construction wraps to reduce pressure points during prolonged suspension.
- Wide, semi-rigid waistbelt and leg loops for excellent support. They are contoured and lined with breathable perforated foam for maximum comfort when suspended
- Foam shoulder straps are widely spaced to reduce neck chafing. When the waistbelt is weighted, they help distribute the load over the shoulders.

- Waistbelt and shoulder straps equipped with self-locking DoubleBack buckles for quick and easy adjustment
- A ventral attachment point that distributes the load between the waistbelt and the leg loops during suspended work
- Two lateral attachment points transfer the load to the waistbelt for comfort when working with feet supported. They can be flipped back against the waistbelt when snagging as an issue
- Sternal and dorsal attachment point for connecting a fall arrest system
- In case of a fall on the dorsal attachment point, the weight is taken up on the leg loops, allowing the user to remain suspended longer while awaiting rescue
- Rear attachment point on the waistbelt for connecting a restraint lanyard
- Five pre-shaped equipment loops with protective sheath
- Slots for CARITool tool holder
- Slots for TOOLBAG tool pouch
